ADDENDUM

INTRODUCTION

The *Kit Handbook* has been prepared to assist you in identifying the proper kit to spare your DIGITAL equipment. These spare kits have been designed for many of the popular DIGITAL devices providing an economical and efficient means of sparing equipment for those customers choosing self-service.

The Kit approach to buying spare parts for servicing DIGITAL hardware has several advantages which should be enumerated. First, the Kits are *engineer-designed* to provide:

- the right parts and quantities
- coverage for one (1) to ten (10) units (excluding PM parts)
- up to 90% Level of Service
- up to one (1) year supply of parts

The second important advantage is that Kits provide a *cost effective* method to:

- obtain initial spares with confidence
- realize savings versus loose-part buys

And the third reason for buying kits is that normal delivery is *off-the-shelf*. A call to your local DIGITAL Sales office will provide the current delivery status.

The document contains detailed information on each kit including:

- Kit name.
- Kit part number.
- What devices the Kit can be used on and related kits.
- Contents of all parts contained in each Kit by quantity, part number, and description.

The Kits have been organized into the major categories by hardware type. These include the following:

- Central Processor Units/Memories/Internal Options — all the Kits that apply to the central processors are included in this section including memories and/or internal options that could be used with the CPU.
- Peripherals — there are six groups which contain kits for various peripherals. These are:

- Card Readers/Paper Tape Readers/Punches
- Disks; both drives and/or control
- Printers
- Tapes; both drive and/or control
- Teletype modification
- Terminals

- Power Supplies
- Tool Kits

MODULE WARRANTY — DIGITAL modules (A, B, G, K, M, R, and W series) except as indicated below, are warranted for *one (1) year* from date of shipment against defects in material or workmanship under normal and proper use in their original unmodified conditions. Modules contained in these devices are warranted for *ninety (90) days* from date of shipment: LA35, LA36, LA180, PDP-8A, PDP-11/03, LSI-11. In Europe all modules and spare parts are warranted for *ninety (90) days*.

ORDERING INFORMATION — Please reference the current PRICE LIST for pricing information in placing an order. A directory of sales offices is provided on the back cover of this document to assist you in locating your nearest DIGITAL office.

Kit Name 11/45 Maintenance Tool Kit
Kit Number SP45-KA
Description Tool Kit for PDP-11/45 CPU

KIT CONTENTS

Qty	Part Number	Description
2	W131	MAINTENANCE BOARD
1	W133	DOUBLE LAMP DRIVER
4	W900	MULTILAYER EXTENDER
2	29-12159-01	16-PIN I.C. CLIP
1	29-12159-02	24-PIN I.C. CLIP
1	29-13451-00	SOLDER EXTRACTOR
1	29-13460-00	DIAGONAL CUTTERS
1	29-13462-00	MINIATURE NEEDLE NOSE PLIERS
1	29-13467-00	WIRE STRIPPERS
1	29-18301-00	HAND WRAP TOOL
1	29-18387-00	UNWRAPPING TOOL
1	29-19551-00	DIAGONAL CUTTERS
2	55-09974-00	OVERLAY

Kit Name Maintenance Tool Kit for 11/70
Kit Number SP70-KA
Description Tool Kit for PDP-11/70 CPU

KIT CONTENTS

Qty	Part Number	Description
2	W131	MAINTENANCE BOARDS
1	W133	DOUBLE LAMP DRIVER
4	W900	MULTI-LAYER EXTENDERS
2	29-12159-01	IC CLIPS, 16-PIN

1	47-00024-00	TOOL, INSERT/EXTRACT
2	90-08496-00	SPACER #4 - 40 X .25 LG
4	90-09722-00	SCREW, RETAINER MALE
2'	91-07278-11	TUBING #18 GA. NAT
1	D-UA-963-0-0	DOCUMENTATION

Kit Name RK05 Lamp Assembly
Kit Number RK05-LA

KIT CONTENTS

Qty	Part Number	Description
1	30-10638-03	BULB ASSEMBLY
1	70-12691-00	CLAMP

Kit Name Expendables Combination Kit
Kit Number SPEX
Description All items from kit numbers SPF, SPSNW, and SPMX make up the contents of SPEX. See the three following kits for a detailed list that combines to make SPEX a single kit.

Kit Name FUSES
Kit Number SPF

UPDATE

The new 1977-78 *Spares Kit Handbook* includes an addendum that lists the spares requirements for Corporate Package Systems. The new Kits have been designed from recent data to complete the spares requirements for the systems that are specified below. *Please* be sure to include this information when quoting spares from the addendum.

For all 1160 systems add Kit **S1160-AA, MLP \$11,110, lead time 6 months.**

For all 11/70 systems add Kit **STE 16-E, MLP \$4,280, lead time 6 months.**

Also, add Kit **STE 16-E** to the following systems:

CE-30AVA-LA and -LD

CP-30AVA-LA and -LD

SE-30AVA-LA and -LD

SP-30AVA-LA and -LD

SA-60BVA-LA and -LD

SA-60CVA-LA and -LD

SE-60BVA-LA and -LD

SE-60CVA-LA and -LD

SM-60BVA-LA and -LD

SM-60CVA-LA and -LD

SP-60BVA-LA and -LD

SP-60CVA-LA and -LD

Detailed Kit contents lists will be distributed separately to all offices.
